

BioImpact enters into exclusive distribution agreement with Micrel Medical Devices S.A.

Highlights:

- **BioImpact granted exclusive sales and distribution rights to the Rhythm™ Evolution infusion pumps in Australia and New Zealand**
- **Comprehensive range of high-quality, electronic infusion pumps and administration sets**
- **Anticipated market introduction in 2024**

Melbourne, Australia: **BTC health** (ASX : BTC) (the **Company** or **BTC**) is pleased to announce that its wholly owned investee company, BioImpact Pty Ltd has entered into an agreement granting the company exclusive rights to sell and distribute Rhythm™ Evolution infusion pumps in Australia and New Zealand.

Rhythm™ is a high-quality range of electronic, portable infusion pumps, administration sets and related accessories, for use in both hospital and homecare applications. The pumps are Class11b re-usable medical devices for the continuous, and/or bolus administration of a wide range of therapeutic medicines, including post-operative pain management, obstetrics, antibiotic therapy, oncology and immunoglobulin infusions. <https://micrelmed.com>

Subject to marketing approval from the Therapeutic Goods Administration (Australia) and Medsafe (New Zealand), the company expects to launch this product range in FY24. The Rhythm™ pumps form a key part of the company's strategy to replace the ambIT® product range, which is scheduled for discontinuation in Australia and New Zealand in mid-2024.

Dr Richard Treagus, Executive Chairman commented, "With our strong market position in acute pain management, we are executing on our strategy to replace and expand our infusion product offering to hospitals. The Rhythm™ Evolution is a sophisticated infusion pump, with many high-end features, offering both the accuracy and versatility which is highly sought after by clinical staff."
