

BTC Speciality Health receives marketing approval for Rhythmic™ electronic infusion pump

Highlights:

- TGA grants marketing approval for the Rhythmic™ electronic infusion pumps in Australia
- Rhythmic™ provides BTC Speciality Health with an expanded product offering and a full range of portable infusion options

Melbourne, Australia: **BTC health** (ASX : BTC) (the **Company** or **BTC**) is pleased to announce that its wholly owned investee company, BTC Speciality Health Pty Ltd has received marketing approval from the Therapeutic Good Administration for the Rhythmic™ Evolution electronic infusion pump.

Rhythmic™ is a high-quality range of electronic, ambulatory infusion pumps, administration sets and related accessories, for use in both hospital and homecare applications. The pumps are Class11b re-usable medical devices for the continuous, and/or bolus administration of a wide range of therapeutic medicines, including post-operative pain management, obstetrics, antibiotic therapy, oncology, and immunoglobulin infusions.

Dr Richard Treagus, Executive Chairman commented, “The new Rhythmic™ infusion pumps form a key part of our strategy to replace the ambIT® product range during 2024. It is a modern, no compromise electronic pump, which covers a wide range of therapy areas, and we look forward to making it immediately available to all hospitals and clinical staff.”
